SUMMER IS HERE AND THERE'S NO BETTER TIME TO COME AND STAY IN ONE OF OUR HOTELS

Our new format newsletter is therefore unashamedly focused on our accommodation and some of the exciting things to do and see in Essex and Suffolk over the next few months. East Anglia is a fantastic and often underrated part of the country and all our hotels are geographically well placed to make the most of what the area has to offer. There are ideas here of a sporting nature with golf and sailing breaks at Kesgrave Hall and the Pier at Harwich and if you are even more energetic, why not give stand-up paddle boarding a go on the river Stour or enjoy a cycling tour of the Tendring peninsula?

Culturally, the reopening of Colchester Castle after a £4 million refit makes it well worth a visit to Britain's oldest recorded town, as does taking in the new First Site Gallery, Hollytrees museum and the Minories art gallery. In fact for art lovers you may need to stay a few days to really get the most of the region with our links to Constable, Gainsborough and Munnings and the same is true if you're a music lover as there is a whole series of concerts on offer throughout the summer, both classical and modern.

However a lot of our guests come and stay simply because they want a treat and a bit of pampering. A great dinner and a relaxing overnight stay is what we are here for and is reason enough to come and see us, especially as all our gardens and outside dining areas will be looking at their best.

Whatever the reason, our teams and I look forward to seeing you soon.

The Festival of the Arts is predominantly held in and around Harwich and features various types of exhibitions, activities and events at more than 10 venues. Each year the festival sets out to show Harwich's intriguing secrets, interesting art and detailed stories, helping to get everyone involved in the event.

TIP Travel to The Pier at Harwich by train. The evocatively named Mayflower line passes alongside the river Stour from Manningtree.

2. Discover old Harwich

When you're staying at The Pier, leave the car and take a walk around Harwich. The old town is steeped in history - discover the Lighthouses (low and high) or the Tread Wheel Crane, used for over 300 years to bring cargo ashore. Make sure you visit the Redoubt, a Napoleonic circular fort, and don't miss out on the Lifeboat Museum.

Head to the Ha'penny Pier, which houses the Mayflower Museum and the LV18, which was the last serving light vessel (think Radio Caroline!). Find the house of Christopher Jones, the captain of the Mayflower who lived in Harwich for a while and married a local girl in St Nicholas's Church in 1593. Chat to the local fishermen who bring in their catch most afternoons, watch the ships sail in and out of Felixstowe Port and the cruise ships departing the ferry terminal.

As you can see, Harwich is rich in maritime history and the hotel can arrange walking tours around the town to enable you to get the most from your visit.

The old town of Harwich resounds to the sound of shanties and sea songs over the entire festival weekend, with concerts, pub sessions, workshops, boat trips, music train and street theatre.

Join one of the many and varied workshops teaching anything from playing the bones to writing your own sea shanty and hear shanties from all over the world at one of our evening concerts. The history and heritage of Harwich as part of the British seafaring nation is celebrated, promoted and perpetuated by local people and groups and in 2014, the festival will be concentrating on Harwich's links with the voyages of the Mayflower and of her Master, Christopher Jones – a Harwich man!

TIP Try crabbing off the jetty opposite The Pier, we always have plenty of lines, buckets and bait, just ask.

There is also a re-enactment arena and living history encampment, a range of live music acts and a host of other family-friendly attractions.

7. Dedham Vale Boat Hire

9. Colchester Castle Museum

Built on the site of the Temple of Claudius, a symbol of Roman power when Colchester was the capital of Britain, Colchester Castle is the largest Norman keep in Europe.

It was constructed around 1080 after William I ordered a royal fortress to be built at Colchester, but for most of its life the castle has been used as a prison - in 1645 'Witchfinder General' Matthew Hopkins appropriated it as a base for interrogating and imprisoning witches. It first opened to the public as a museum in 1860, and it is in that capacity that it continues today. The Castle has been closed for the last two years for a £4 million facelift and re-opens on Friday 2nd May just in time for the bank holiday weekend.
